Delmer Ball, Secretary

Board of Commissioners Meetings

The Board of Commissioners meet the 1st Friday of each month. The public is encouraged to attend. If anyone needs special assistance to attend a meeting you may contact the office so we may make reasonable accommodations to assist you.

District News

As some of you may have already noticed, the District is in the process of installing new “radio read” water meters. All customers will be getting a new meter. This is something that is way overdue. Many existing meters have been in place for over 20 years. With this being said, the age of the meter effects the accuracy in which it reads water usage. The older the meter the less water usage it will show. The new meters will measure water usage accurately. Also with these new meters the District has the ability to detect leaks and exactly where the leaks are coming from much easier than before. This will be a benefit to our customers when there is a problem. If you have any questions regarding this change out you can contact the district office.
